

Keith Perry International Transport's Commitment to Data Privacy Protection

Protecting the security and privacy of your Personal Information is important to KPI and to the way we conduct our business. We also strive to ensure we are in compliance with laws on privacy and data protection. We hope the policy outlined below will help you understand what information KPI may collect, how KPI uses and safeguards that information and with whom we may share it.

Personal Information

Through our website, KPI will not collect any personally-identifiable information about you e.g. your name, address, telephone number or e-mail address, unless you voluntarily choose to provide this "Personal Information" to us (e.g. by registration, survey). If you do not want your Personal Information collected, please do not submit it to us.

When you do provide us with Personal Information, we usually use it to respond to your enquiry, process your order or provide you with access to specific account information. In addition, in order to support our customer relationship with you.

We (or a third party on our behalf) may use Personal Information to contact you about a KPI offer in support of your business needs or to conduct online surveys to understand better our customers' needs and profiles. If you choose not to have your Personal Information used to support our customer relationship (especially direct-marketing or market-research), we will respect your choice. We do not now (and do not intend to) sell, rent or otherwise market your Personal Information to third parties.

Non-Personal Information Collected Automatically

When you access our websites, we may automatically (i.e. not by registration) collect information that is not personally-identifiable e.g. type of Internet browser and computer operating system used; domain name of the website from which you came; number of visits, average time spent, pages viewed. We may use this information to measure the use of our Web sites and improve the content.

Security

KPI takes precautions to ensure the security of your Personal Information and strives to keep it accurate. We carefully protect your Personal Information from loss, destruction, falsification, manipulation, and unauthorised access or unauthorised disclosure.

Questions and Comments

As the Internet matures, so will our Data Privacy Protection Policy. We will post changes to our Data Privacy Protection Policy on this page as soon as the commitment has been made to alter any existing policy.
